HANDMADE FURNITURE

SIKA-DESIGN

A PROUD TRADITION OF CRAFTMANSHIP

Our Atmosphere collection is our way of creating a complete scene around our furniture. With this selection, we wish to create the atmosphere that makes a house into a home. We believe that rattan furniture immediately creates this cozy atmosphere and that interior decor like beautiful baskets and lampshades add to this feeling.

Our history

The history of Sika-Design begins in 1942 when Ankjær Andreasen produced the first batch of handmade baskets, lamps and accessories made from wicker. Today 3rd generation Louise Andreasen is in charge, and the family passion remains the same: manufacturing beautiful, handcrafted wicker items.

We are proud to call us the oldest manufacturer of rattan and wicker furniture in Scandinavia. Our mission is to make beautiful items with the least possible impact on the environment. This places great demands to the longevity of our designs, the way we produce, and the materials we use.

Social & environmental responsibilities

Taking environmental and social responsibilities are ongoing processes that we have been working systematically with since 2013. Together with our sister company, we were the first furniture companies in Denmark to be certified with an ISO14001:2015 and SA8000 (now replaced by SMETA by DNV-GL). Through our certifications, we have committed ourselves to a responsible social - and environmental policy as well as an ongoing focus on developing and improving these conditions.

Handcrafted rattan pieces

Our rattan products are handcrafted in Indonesia where wickerwork is a tradition-bound craft passed down from generation to generation. More than 70 years ago we fell in love with the natural and strong material rattan, and today rattan and wickerwork still play a key role in our collections.

Rattan is a fast-growing natural material that grows like lianas in the Indonesian rainforest. It regenerates in the span of 5-7 years, absorbs CO₂, and produces up to 35% more oxygen than a tree. Rattan is a solid material in opposition to hollow bamboo. Therefore, rattan products are extremely durable and able to last for many decades when treated with care.

Tangelo

BY DARCY CLARKE

The Tangelo lampshade is created by Australian designer Darcy Clarke and is inspired by natural elements and traditional weaving techniques. By combining more sizes of the Tangelo lampshade it is also possible to create beautiful visual effects. The Tangelo lampshades have an inner steel frame giving it a good weight and ensuring that even the smaller sizes hangs nicely and stable.

Hikari

BY JIN KURAMOTO

Our Hikari lampshade is designed by Jin Kuramoto who is known for his experimental approach to design and great respect for the unique inherent properties of each material.

Lighting can be much more than a practical element. The Hikari lampshade creates a beautiful light and can be used to create a cozy atmosphere in the hallway, bedroom or over the kitchen table.

Luella

BY FRANCO ALBINI &
FRANCA HELG

The Luella mirror is designed by Franco Albini & Franca Helg and was originally produced in Italy during the 1950s. The combination of rattan and the curved geometric pattern makes the Luella mirror as decorative as it is functional.

Rasmus & Bella

The Rasmus mirror and Bella stool were designed in 2020 by Louise Andreasen's son, Rasmus Andreasen. Rasmus is a full-size mirror made of rattan. With its minimalist look, the mirror can fit into most homes, and the size makes it suitable for both the bedroom, bathroom, and entrance hall. The construction of the Bella stool makes it extremely stable and suitable as a stool, side table or plant stand.

Reclaimed teak items

Our indoor teak products are made using reclaimed teak collected from old houses, boats, and railroads giving each furniture a unique story. These items can appear with repairs and fillings adding a rustic look to the furniture. Our teak products are labeled with "Indonesian Legal Wood" which ensures that the wood has been sourced responsibly and can be traced back to the original sender at any time.
